

Name	Description	Origin
<i>Track</i>	Number of tracks reconstructed in the VELO in a fiducial volume	software reconstruction
<i>TrackNR</i>	Number of tracks reconstructed in the VELO not restricted to a fiducial volume	software reconstruction
<i>Vertex</i>	Number of vertices reconstructed in the VELO in a fiducial volume	software reconstruction
<i>VertexNR</i>	Number of vertices reconstructed in the VELO not restricted to a fiducial volume	software reconstruction
<i>Muon</i>	Number of muon tracks reconstructed in the muon system	hardware trigger unit
<i>PU</i>	Number of hits counted in the PU	hardware trigger unit
<i>SPD</i>	Number of hits counted in the SPD	hardware trigger unit
<i>ECalo</i>	Energy deposition in the calorimeters	hardware trigger unit
<i>Calo</i>	Both <i>SPD</i> and <i>ECalo</i> over threshold	software reconstruction
